FSC-Certified Papers

August 2014
Available online at https://ca.fsc.org/find-products-suppliers.207.htm

The following is a list of FSC-certified papers available in North America. Please note that for some papers, you must specify to the paper merchant that you would like to purchase the FSC-certified grade since there may be both a certified and non-certified version of the same paper. Only companies that are FSC Chain of Custody certified are allowed to place the FSC label on a certified product.

Can't find the paper you are looking for?
This list is for reference purposes only. Even if a product is listed on this site, you must verify that it meets FSC Chain of Custody (FSC-STD-40-004 v2) requirements. https://ca.fsc.org/chain-of-custody.197.htm
